```

The image shows the Aptio Setup - AMI BIOS interface. At the top, a blue header bar contains the text "Aptio Setup - AMI". Below this, a black bar with the word "Advanced" in white indicates the current menu. The main area is a light gray rectangle with a black border, divided into two sections. The left section contains the "AMD CBS" menu, with "AMD CBS Revision Number" set to "0x0". A list of options with blue right-pointing arrowheads includes "CPU Common Options", "DF Common Options", "UMC Common Options", "NBIO Common Options", "FCH Common Options" (which is highlighted), "SMU Common Options", and "SOC Miscellaneous Control". The right section, titled "FCH Common Options", is currently empty. At the bottom of the screen, a black bar displays "Version 2.22.1295 Copyright (C) 2025 AMI".
