The screenshot shows a terminal window titled "lk@lk: ~" with a dark background and light green text. The terminal displays the output of a command that lists installed packages sorted by name. On the left side of the terminal, there are several application icons: Firefox, Telegram, Files, App Store, Terminal, and Recycle Bin. The top status bar shows the date and time as "5月21日 10:55" and includes system icons for network, language (English), and battery.
